

Stiletto

Stiletto... they're more than a shoe, they're an attitude. Strong. Confident. Bold. Perhaps a bit edgy. The prints set the tone with an elegant mix of lace, florals, and geometrics. The colors provide the mood - Ebony, Silver, Grey, Caramel and Eggshell.

Stiletto. Add a Little Black Dress and you're ready for a Black Tie Affair.

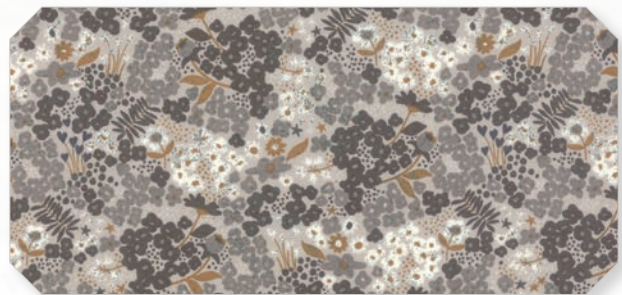

... because sometimes it's just fun to be fancy!

DESIGNER TRIVIA

RACHEL BRENCHLEY

First collection – Urban Couture in 2008

First time you saw your name on the selvage – It was when my first box of Urban Couture sample yardage arrived. It was an amazing day - we celebrated and then we started tearing through the box. It was particularly meaningful to me because my Mom is a quilter and she cried. She was also excited to be able to make a quilt with my fabric!

Favorite Quilt Market memory – Spring Market of 2011, without a doubt. We were there to show our eclectic Curio collection and I was nine months pregnant with my fourth child. I was huge. The show ended on Sunday, May 15 and my daughter, Vivienne was born in the early hours on May 18, less than three days later.

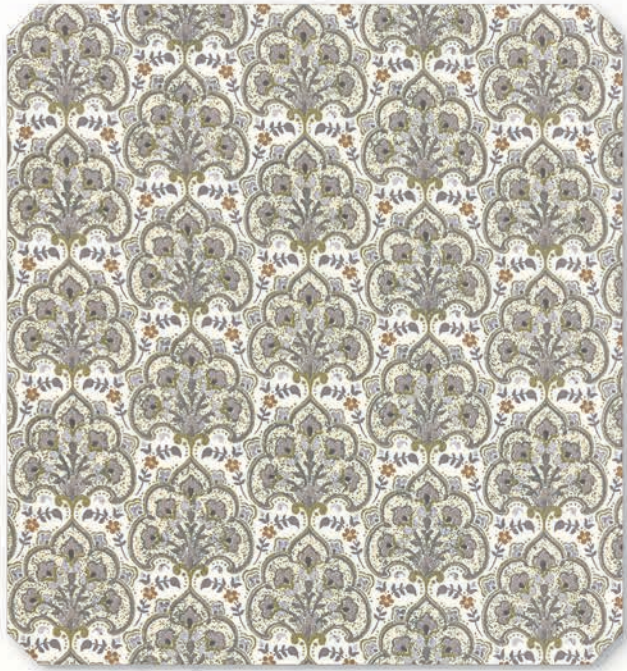

Years sewing and quilting – I learned to sew when I was ten or so, and I made my first quilt when I was about 14. The truth is that I don't get to sew often right now but I grew up in a family of quilters, in a house that might as well have been a fabric store!

Who taught you to sew – My Mom, and she wishes I got to sew more often. She wants me to carry on her creative legacy in sewing, as well as in fabric design!
