

SMOKE & RUST

Lella Boutique

LIVE BY THE SUN, LOVE BY THE MOON

There is something sacred about being in the mountains. Walk along the misty trail and fall in love with colors intensified by an overcast sky. In my desert home, much of the earth is framed with rust colored mountains and majestic stone cliffs. Some have been brushed with strokes of charcoal to match the richness of the lava fields. Autumn often arrives late, and if you're lucky, you may get a glimpse of a drying leaf with the lightest dusting of snow. The birds flying through the mist are silent... like me, they feel the reverence of being in such a mesmerizing place.

Nature has many kinds of beauty; the Smoke & Rust collection evokes the colors and textures of my beloved home, and is designed for masculine and modern tastes alike.
