## STACY IEST HSU

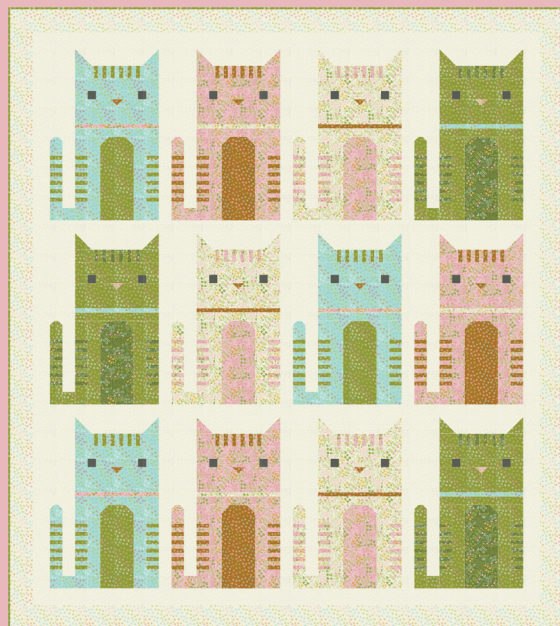

Here Kitty Kitty celebrates all the wonders of our favorite feline, the house cat. From playing in the house plants to taking long naps in by the window or sneaking out to the garden, this collection encapsulates the life of the beloved cat. In addition to two cut and sew panel projects, Here Kitty Kitty has four quilts that celebrate the fun and whimsy of this collection. Its fresh modern color palette will add a punch of novelty and sweetness to your next project.
